MAKE-ON MACHINE

The “Make-On” Machine has the following features:
- Makes on 1" to 2" fittings with no operator adjustments.
- Pipe vise clamps 1" to 2" pipe on center.
- Fitting clamp clamps ALL 1" to 2" fittings including couplings and reducers.
- Pipe size sensor adjusts torque for each pipe size.
- Switch control to change between cast and malleable fittings.
- Hydraulic power for smooth operation.
- Safety system for fitting removal.
